

Stalls Risk Assessment for Epidemics and Pandemics

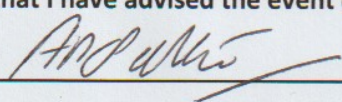

Name of Stall Salter's Must Chup Ltd

Person doing Risk Assessment Andrew Salter - Director

Hazard	Yes	No	Organisers stipulations	Other controls/comments
Sauce bottle Display			All sauce bottles to be sanitised before they are put on display to reduce the risk of cross contamination.	Each bottle to either be wiped with sanitised wipe or hand sanitised spray rub before going on display.
PPE and Transfer of Virus			Viscers and surgical masks have been purchased to reduce the risk of transference of the virus. Clean mask to be used each day. Hand sanitiser rub which is 80% alcohol has been purchased for customers to sanitise their hands. Surgical gloves will be worn at all times to prevent transference of virus.	PPE to be worn to be agreed in advance with event organisers. Email papertrail to confirm this.
Tasting of Sauces			Each sauce can be safely tasted separately. Once used by a customer they will be disposed of in a waste bin at the front of the pitch area	Round souffle paper 1oz pots with wood stirrer sticks have been bought for tasting. One per customer for each sauce. Taster sticks can be turned around and used for another sauce by the same customer. Both pots and sticks are handed to customers by me with surgical gloves on from behind Perspex screen. Waste bin to be positioned in front of table for used taster pots. To be emptied once full by staff or myself.
Manual Handling			All shelving to be spray sanitised and lifted correctly.	Shelving constructed correctly using surgical gloves
Payment for Sauces			Contactless credit card machine to be used as To be used as much as possible where WIFI signal permits.	Clover Contactless machine purchased to be able to take contactless transactions.

			If pin needs to be entered by customer then Clover machine sanitised each time after use by anti bacterial wipes. Otherwise subject to each individual event organiser, cash also to be taken.	
Social distancing			Signage to be on display to ensure customers adhere to social distancing. 2 metres apart at all times unless they are part of the same household.	Clear signage to indicate social distancing guidelines
Daily Check sheet			To be available for inspection at anytime by event organisers or Environmental services	To be completed each day and signed off by Andrew for each event.
PPE Equipment			To reduce infection rate	Surgical gloves, medical visor and Perspex Screen used to reduce risk of infection. Hand sanitiser on counter (80%) alcohol for customers to sanitise their hands.

I confirm that I have advised the event organiser of all hazards and risks associated with my stall.
